|       | 2. (Confidential - JMM) Bill Miller, in the office of Senator John Sherman Cooper (R., Ky.), called to say that Senator Cooper would like a briefing on the status of Warsaw Pact Forces in connection with the Senator's report to the NATO Parliamentarians now in process. Mr. Miller said the briefing could be on a secret level and the Senator's final draft would be cleared with the Pentagon to ensure that it contained only unclassified material. Mr. Miller tentatively scheduled the briefing for Wednesday afternoon, 10 September. After checking with the DDI, I told Mr. Miller that Mr. Bruce Clarke would be available. |       |
